

SUPPORTIVE CARE

Diurikam Powder

Water Soluble Powder

For veterinary use only

GENERAL INFORMATION

Product name	Diurikam Powder
Dosage form	Water Soluble Powder
Target species	Poultry
Route	Oral, via drinking water / feed where stated

COMPOSITION

Each gram contains

Sodium Benzoate..... 500 mg

Ethanol beta Amino Phosphoric Acid 100 mg

Vitamin A..... 10,000IU

Vitamin E 2.5 mg

Vitamin K3..... 1 mg

Vitamin C 2.5 mg

PRODUCT DESCRIPTION

Role of Ingredients

Sodium Benzoate: Serves as a preservative to prevent microbial growth and extend the shelf life of veterinary products.

Ethanol Beta Amino Phosphoric Acid: Ethanol beta amino phosphoric acid (EBAP) may offer several potential benefits for poultry. It acts as a chelating agent, binding metal ions to improve nutrient absorption and utilization. Additionally, it provides essential phosphorus and nitrogen, which are crucial for growth and metabolic processes.

Vitamin A: Essential for healthy vision, epithelial tissue integrity, immune function, and overall growth and development.

Vitamin E: Functions as an antioxidant, protecting cells from oxidative damage and supporting immune function and neurological health.

INDICATIONS

- Diurikam Powder is used to enhance overall poultry health and productivity. It supports immune function, promotes optimal growth, and improves resistance to diseases. Its comprehensive formulation aids in maintaining general well-being and ensuring the effective performance of poultry.
- Improving Health Productivity of Flock Resistance to Bacterial Infection in flock

DOSAGE & ADMINISTRATION

- 1 gm in 1 liter of drinking water for 3- 5 days.
- Note
- Diurikam Powder is intended to provide essential vitamins and antioxidants to support avian health. Use only as prescribed by a veterinarian and follow all dosage and administration instructions carefully.

Prepare fresh medicated water and ensure uniform access for the flock.

PRECAUTIONS

Use under veterinary supervision. Do not exceed the recommended dosage.

WITHDRAWAL PERIOD

Follow the approved product label and applicable regulatory requirements.

STORAGE

Store in a cool, dry place, protected from direct sunlight and moisture. Keep out of reach of children.

PACKAGING

Refer to the approved commercial pack label for pack size, batch details, manufacturing date and expiry date.

IMPORTANT: This sheet summarizes supplied product literature. Always follow the current approved pack label, veterinary direction and applicable regulatory requirements.
