

ANTIBACTERIAL

Pefloxkam-10 Solution

Oral Liquid

For veterinary use only

GENERAL INFORMATION

Product name	Pefloxkam-10 Solution
Dosage form	Oral Liquid
Target species	Poultry
Route	Oral, via drinking water

COMPOSITION

Each ml contains

Pefloxacin Methanesulfonate 139.6 mg eq. to Pefloxacin 100 mg

(As per innovator's specifications)

PRODUCT DESCRIPTION

Role of Pefloxacin Methanesulfonate

Pefloxacin methanesulfonate, is a potent fluoroquinolone antibiotic used primarily in veterinary medicine.

It works by inhibiting bacterial DNA gyrase and topoisomerase IV, essential enzymes for DNA replication and transcription, leading to the rapid death of susceptible bacteria.

Pefloxacin is effective against a broad spectrum of Gram-negative and Gram-positive bacteria and is used to treat infections such as those affecting the urinary tract, respiratory system, and gastrointestinal tract in animals.

INDICATIONS

- Pefloxkam-10 Solution is indicated for the treatment of CRD, CCRD, Pullorum disease, Fowl typhoid, Colibacillosis, Fowl cholera, Infectious coryza and staphylococcus infection in poultry
- Birds suffering from skin and Birds suffering from Birds suffering from
- soft tissues infection. Gastrointestinal infections. Respiratory tract Infections.

DOSAGE & ADMINISTRATION

- Administer 1 ml per 1-2 liters of drinking water for 3-4 days (10mg/kg B.W).
- Chicken-Dilute 5-10ml (as 500-1000mg of Pefloxacin) with 10L drinking water and administer orally for 3-4 days.
- Note
- Always consult a veterinarian before starting treatment with Pefloxkam-10 Solution to ensure it is appropriate for the specific type of infection and bird species involved. Proper diagnosis and sensitivity testing are recommended to optimize treatment outcomes and prevent the development of antibiotic resistance.

Prepare fresh medicated water and ensure uniform access for the flock.

PRECAUTIONS

Use under veterinary supervision. Do not exceed the recommended dosage.

WITHDRAWAL PERIOD

Follow the approved product label and applicable regulatory requirements.

STORAGE

Store in a cool, dry place, protected from direct sunlight and moisture. Keep out of reach of children.

PACKAGING

Refer to the approved commercial pack label for pack size, batch details, manufacturing date and expiry date.

IMPORTANT: This sheet summarizes supplied product literature. Always follow the current approved pack label, veterinary direction and applicable regulatory requirements.
